

Course T3085

Federal Laws and Regulations

Every Healthcare Facility Should Know

Date: November 1, 2016
Time: 10:00am - 12:00pm EDT

Featured Faculty
Sue Dill Calloway

President,
Patient Safety and Health Care
Education and Consulting

Learning Objectives

At the conclusion of this session, the participants will be able to:

1. Discuss federal laws affecting healthcare including the federal EMTALA law that is also referred to as the antidumping law.
2. Describe how a violation of a federal law may be used in the courtroom to show a breach of the standard.
3. Define how to locate copies of the various federal laws.
4. Discuss the Joint Commission leadership standard that requires leaders have knowledge needed for their roles, including information on laws and regulations.
5. Discuss the many changes to the hospital conditions of participation (CoPs).

Course T3085

Target Audience

Anyone involved with healthcare laws, including: C-Suite officers and board members, staff nurses and nurse educators, TJC coordinator, quality improvement coordinator, risk managers, patient safety and compliance officers, hospital legal counsel, ED and OB managers, human resources staff, and policy and procedure committee members.

Faculty

Sue Dill Calloway has been a nurse attorney and consultant for more than 30 years. Currently, she is president of Patient Safety and Healthcare Education and Consulting and was previously the chief learning officer for the Emergency Medicine Patient Safety Foundation. She has conducted many educational programs for nurses, physicians, and other health care providers. Sue has authored over 100 books and numerous articles. She is a frequent speaker and is well known across the country in the areas of health care law, risk management, and patient safety. Sue has no real or perceived conflicts of interest that relate to this presentation.

Course Curriculum

The Joint Commission (TJC) Leadership Standard 01.07.01 requires the board, senior managers and leaders of the medical staff have knowledge of various health care laws and regulations. This program will assist hospital staff learn more about the regulations and laws that surround TJC Standard 01.07.01, and help make sure they are in compliance.

Because of the health care reform federal law changes, this program will cover the important laws that every hospital should be aware of. It will provide information on how to locate a copy of the laws and the importance of updating policies and procedures to be compliant with these federal laws. This session will also discuss some of the many changes in federal regulations and interpretive guidelines by the Center for Medicare and Medicaid Services (CMS) regarding the hospital conditions of participation (CoPs) which must be followed by every hospital that accepts Medicare or Medicaid.
