

February 2015

Dear KHA Member:

This report, ***The 2015 Handbook of Professional Health Care Boards in Kentucky***, was compiled by KHA's Center for Health Care Professions. It provides an overview of the Kentucky health care professional regulatory boards and the continuing education requirements for health care professionals. For each board you will find the address, contact person, Practice Act and Rule Chapter, continuing education requirements, meeting dates, criteria for membership, a list of members, email and web site addresses.

This report grows out of our advocacy work. KHA monitors key boards and interacts with them to enhance your ability to effectively deliver health care services. There will be times when you need to interact with them as well.

The educational requirements are effective as of the date listed. You should contact the appropriate regulatory board to ensure that the information has not changed subsequent to this publication.

For more information contact **Kim Dees**, Executive Director of KHA's Center for Health Care Professions, at (502) 426-6220 or (800) 945-4542 or email at kdees@kyha.com.

Sincerely,

Michael T. Rust, FACHE
President
