Meeting in conjunction with KHA

American College of Healthcare Executives
for leaders who care

hfma
kentucky chapter
healthcare financial management association

Kentucky Academy of Hospital Attorneys

Kentucky Organization of Nurse Leaders
Drafting the new blueprint of health care will lead to an outline of change. Hospitals, physicians and other health providers need to redesign the services and skills they previously offered to meet the layout of tomorrow’s communities. This is a time when all of health care needs to join together to seek innovations and maximize the quality service provided to patients at all levels of care.

As our keynote speaker at our Opening Session Breakfast on May 11, Ben Nemtin will articulate how we have to help each other along the way. Leadership is not only about the example you set, it’s about the people you help and mentor along the way.

Our special thanks to our many sponsors for their support this year! Please visit with them during our convention. We encourage hospital chief executives, hospital trustees, senior management team members, physician leaders, nurse executives, finance officers, health attorneys, foundation leaders and others to join us and re-connect with your colleagues from across the state.

We look forward to seeing you at KHA’s 89th Annual Convention, May 10-11, 2018 in Lexington!

Michael T. Rust, FACHE

   “Lessons for Charities from the 2017 Tax Reform”
   John Williams, Jr, CAP, CIMA
   Managing Director-Investments
   Williams, Meredith, Roof and Duff Wealth Management Group

The 2017 Tax Cuts and Jobs Act changes the landscape for taxpayers of all types including non-profit charities. This session focuses on understanding the impacts to charities and recommended strategies to address them. At the bottom line, tax reform may be a call to reconsider donor relationships, conversations and approach.

   “Creating & Enhancing a Culture of Philanthropy in Health Care”
   Jeffrey L. Ashley
   President, Founder and Senior Consultant
   Ashley Rountree and Associates

Philanthropy today takes place in a context that is radically different from the environment in which many of its current practices and behaviors were initially developed. Growing factors include changing tax laws, globalization, economic pressures and ubiquitous technologies that challenge – and in some instances, compete with – donors, other non-profit and for-profit

Every 18 minutes, someone in the United States dies from opioid overdose. In this 90-minute session, Drs. Chang and Oyler will highlight the current landscape of the opioid epidemic, including the role of medical prescribing in contributing to the existing crisis. Data from their experience implementing an opioid-minimizing analgesia protocol in the acute trauma setting will also be discussed. Finally, they will discuss the current efforts the University of Kentucky is undertaking to develop an opioid stewardship program, along with pearls for development at other institutions.

Helping Kentucky Hospitals Succeed
with Kentucky Hospitals Circle of Friends

Circle of Friends (CoF) is a political action committee (PAC) for Kentucky’s hospitals.

Circle of Friends supports candidates in Kentucky elections,

and in federal elections through the American Hospital Association PAC (AHAPAC).

Speaking together with one voice sends a powerful message.

Contributing to Circle of Friends helps hospitals spread their message to legislators.

Hospital management personnel can contribute, but corporate donations are not allowed.

Kentucky’s hospitals are vital to the health of our citizens and our economy.

With more than 70,000 hospital employees, working together, we can make a difference.

The campaign runs on a calendar year.
