

# SAVE THE DATE

## Kentucky Hospital Association's **340B** Compliance Workshop

June 27, 2019

8:30 AM - 3:00 PM, ET

Holiday Inn Louisville East Hurstbourne

1325 S. Hurstbourne Parkway

Louisville, Kentucky 40222

Safety net hospitals struggle to stretch scarce resources to provide crucial services to their patients while meeting their bottom line. It does not have to be this way. When managed compliantly, the 340B program does what it was intended to do: secure the financial future of safety net organizations who serve the nation's vulnerable population.

The 340B program can have a significantly positive impact for hospitals, their patients, and their communities if hospitals know how to administer and manage the program effectively.

The subject matter experts for this workshop will be presenting insights for safety net hospitals to tap into the benefits of the 340B program, including increasing financial support that enables hospitals to provide better care, improve patient outcomes, and help the indigent/uninsured gain access to the discounted medications they need.

## Workshop Agenda - Thursday, June 27
