Maternal Hemorrhage Webinar

JULY 30, 2020 | 1:00PM TO 2:00PM EDT

According to the Centers for Disease Control and Prevention (CDC) the rate of postpartum hemorrhage (PPH) per 10,000 delivery hospitalizations has continuously increased from 1993 through 2014. **PPH was among the leading causes of maternal mortality between 2011 and 2016.** This presentation will discuss data surrounding PPH in the United States, identification of risks for PPH and best practices for identifying at risk patients, mitigation strategies and current treatment recommendations from CDC and ACOG.

SPEAKERS

Carlye Hendershot, MSN, RN, CPHRM, CPPS

ECRI Institute

Carlye Hendershot, MSN, RN, CPHRM, CPPS, has practiced in the legal nurse consulting and patient safety/risk management fields for the past decade, preceded by extensive clinical experience as an RN and family nurse practitioner in varied settings and locations. In addition to her clinical background, Carlye worked at a law firm as an in-house nurse paralegal, as a patient safety/risk management consultant for a healthcare liability insurance company, and as a nursing home surveyor for Medicare regulatory compliance and certification.

Gail M. Horvath, MSN, RN, CNOR, CRCST

ECRI Institute

Gail M. Horvath MSN, RN, CNOR, CRCST is a Patient Safety Analyst/Consultant and works with the ECRI Institute Patient Safety Organization and Insight Assessment Services. Gail has over 30 years' experience in Acute Care, including critical care and surgical nursing, Quality, Risk and Patient Safety. Before coming to ECRI Institute, Gail was the perioperative educator for a level one trauma center. She has also worked as the Clinical Director for Perioperative Services as well as a system manager for perioperative business services in a multi hospital system. Gail's experience includes State licensure, AAAHC, and Joint Commission survey preparation for her departments within her facilities, and the development of a surgical PI program. Gail has also led newly constructed departments through state licensing surveys.
