For a New Vision

Kentucky State Police
Trooper Teddy Program
and Trooper Island Camp

Kentucky Hospital
Research & Education
Foundation, Inc.

Volunteerism is Rewarding, Involved, Supportive and Essential for a New Vision

Our world of volunteers is continually changing as is the health care arena we serve. We are faced and confronted with new paradigms in our world every day. Every hospital is experiencing change and transition this year so, it is clear no one is immune from these disruptors.

Across the health care spectrum, resources are tighter, hospital regulatory requirements become ever more stringent, volunteers can be challenging to recruit and positions that make volunteers feel they make a difference take some creativity and extra time for us to develop.

Our leadership and sense of community helps balance the challenges that come with managing a volunteer workforce. This is the time for us to reflect on the past and prepare for the new challenges that we will face by rising to a new vision. What is your vision for the future?

Kentucky State Police will present on the Trooper Teddy Program along with the Trooper Island camp for children.

Who Should Attend
 Auxiliary officers, auxiliary members, volunteers, directors of volunteers and gift shop managers

Silent Auction

Every hospital attending the conference is requested to provide a silent auction item. Proceeds will help support speaker costs and other volunteer events. Besides, IT'S FUN and an excellent way to network with other volunteers. Each item should be valued at \$10 or more. The more items, the more people can participate!

Please fill out and return the attached form, listing each item donated and its value. Bring items to the Fall Conference on September 26, 2018.

The Committee appreciates your help!

Ephraim McDowell Health
Power Wheels in Surgery

In 2018, the auxiliary granted a wish that was to purchase Power Wheels Kid Cars to transport pediatric patients to surgery. The Auxiliary purchased two kid cars, one for the older children and another (without the battery) for the younger children. As one would imagine, the children (and parents) are anxious and scared prior to surgery and even more so in the time period in which surgical staff comes to their room to prep them for surgery.

CHI Saint Joseph Hospital and CHI Saint Joseph East

Pocket Prayer Quilts

Who knew that a small four inch by four inch square of fabric with a wooden heart inside could make such a difference? Often described as a combination of a prayer cloth and a worry stone; Pocket Prayer Quilts (PPQ's) are used in countless situations for our patients, their loved ones, our staff and visitors.

12:00-12:30 PM - Lunch

12:30-12:45 PM

Silent Auction and Door prizes
Adjourn

PLEASE NOTE:

Conference is in Central Time Zone.
