TEAM
KENTUCKY

West Kentucky

Healthcare Coalition

*Our mission is
to help cultivate cooperative
partnerships in order to
develop and ascertain
regional healthcare system
preparedness plans, protocols,
and resources that will
enhance
the ability of the region to
better respond and recover
from emergencies and
disasters.*

What is the West KY Healthcare Coalition?

Key Components:

- * Comprehensive healthcare membership with four core entities
- * Regional presence developed to cover the 24 most western counties of Kentucky
- * Preparedness capability operationalization through plans, exercises, trainings, response and after-action reports.

Core Activities:

- * Develop/Maintain regional Emergency Plans
- * Develop/Execute a regional budget and manage assets for members
- * Membership sustainment and growth
- * Incident Response Coordination at the regional level
(Communications and Mutual Aid Process Facilitation)
- * Coordinate and Facilitate meetings
- * Facilitate regional trainings and exercises

Networking with local partners to cultivate **Team Work** in Western Kentucky!
