

Q4 - 2024

This quarterly update provides insight into current and pending class actions that could benefit your organization. As your revenue recovery advisor, our mission is to research and monitor class action suits, then notify your organization if any action is required on your part to submit your claim. Our team is always available to discuss current, past and future settlements – and what they might mean for your business. We are proud to serve as your settlement navigator and welcome your questions and comments. To help us monitor the settlement space, please send any settlement notices or solicitations you received (from any source) to MCAG for review and analysis.
