Kentucky Hospital Association Partners with Rellevate Inc. to Enhance Employee Financial Wellness

LOUISVILLE, KY – (November 15, 2025) The Kentucky Hospital Association (KHA) Solutions Group Board is pleased to announce a strategic partnership with Rellevate Inc., a pioneering fintech company reshaping compensation for hospital and health care employees across Kentucky.

This collaboration introduces a no-cost benefit for employers that strengthens employee recruitment and retention efforts throughout the Commonwealth. By leveraging Rellevate's innovative Pay Any-Day MasterCard, Kentucky hospitals can now offer their teams flexible, immediate access to up to 50% of their earned wages — helping employees better manage cash flow, reduce financial stress, and improve overall well-being.

Key Highlights:

- **Revolutionary Solution:** Rellevate's Pay Any-Day MasterCard enables health care workers to access earned wages instantly, overcoming the limitations of traditional pay cycles.
- **No Cost for Employees:** Unlike most earned wage access options, which typically charge \$3.00 to \$3.50 per transaction, Rellevate provides this benefit at no cost to employees.
- **No Fees for Employers:** Rellevate's program is provided at no cost to employers; revenue is derived from merchant transaction fees associated with the MasterCard platform.
- **Financial Wellness & Convenience:** Employees enjoy secure, 24/7 access via Rellevate's mobile app, with worldwide MasterCard acceptance for purchases and ATM withdrawals.

"KHA is committed to strengthening the workforce and supporting the financial health of Kentucky's hospital employees," said KHA President and CEO Nancy Galvagni. "Partnering with Rellevate supports our member hospitals in delivering innovative, meaningful benefits that boost retention and satisfaction."

"We are honored to join KHA in supporting hospitals statewide," said Stewart Stockdale, Chairman and CEO of Rellevate. "Together, we're enabling modern compensation solutions that improve financial wellness for the health care teams caring for Kentuckians every day."
